Maes Gwyn Boarding Kennels

Maes Gwyn Kennels is a family run business which was purposed built in 1995.

Each spacious kennel has its own covered outside run.

Being a small establishment, your pet will be given individual love and care.

They are taken for walks twice daily or they can run free under supervision in our secure paddock.

We are open all year – in the winter there is background heating or if you prefer your pet can have its own heat lamp for a small extra cost.

Should your pet be taken ill we have a vet on call.

We try to cater for all diets or alternatively own food can be supplied.

You can have a good holiday and know that your pet is being well looked after.

Guidelines when Boarding

When you bring your pet to the kennels, these are a few helpful suggestions for you to consider...

-  **Collar** – It is recommended that your pet wears a simple flat collar or a choke chain
-  **Identity tag** – It is very important that your pet has an identity tag, with the relevant details displayed on it.
-  **Comforter** – Your pet will settle a lot more quickly if they have a favourite toy or blanket to help it feel more like home.
-  **Diet** – If your pet is on a special diet you can either bring your own food, or let us know what they are eating. We have various foods in stock, just let us know.
-  **Contact name** – It is helpful to have a contact name & number of someone who can be contacted in your absence. Possibly a friend or family member.
-  **Vet** – It is important to give us the name and contact number for your vet in case of an emergency or sudden illness.

 **Medical** – Details of any medical condition should be carefully explained & instructions regarding any medication should be given to the kennel staff, preferably in writing.

 **Vaccinations** – If you can bring any current vaccination certificate & we also strongly recommend that all dogs have a kennel cough vaccine prior to coming into kennels. This should be done at least 5 days but preferably 14 days before.

 **Dates** – The kennel staff need confirmation of boarding dates, along with date & time expected for collection.

 **Pet's name** – It is important that you let us know your pet's name when you drop them off, as this helps your pet respond to the kennel staff. It will help us establish a rapport with your pet.

If you have any questions before you bring your pet in to our boarding kennels, please don't hesitate to call. Anne & Neill will be able to help you.

We look forward to meeting you & your pets soon.
